

POLICE & BLUE LIGHT SERVICES SOCIAL VALUE IMPACT

Since October 2019 the Yorkshire and Humber Police Procurement Service has been inviting its suppliers to access an innovative, online Social Value Action Planning Tool which:

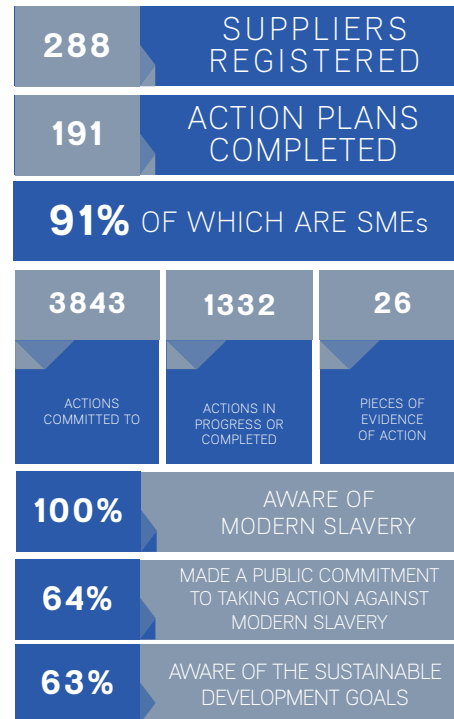

Supports suppliers to develop a NETpositive social value action plan for their business

Helps suppliers understand the positive contribution their business makes to the environment, society and the economy

Gathers data on the social value actions being undertaken by suppliers to the Yorkshire and Humber Police

Enables the Yorkshire and Humber Police to demonstrate progress on carbon management within the supply chain

HEADLINE FIGURES

EVIDENCE OF IMPACT

“

We are committed to energy saving, from timed lights to proposals for an E-car charging station, to bottled milk deliveries and plastic-free bulk-buy mobile shops visiting our building.

“

WPC has installed solar panels and is generating its own energy.

“

We currently run a PHEV hybrid vehicle but look to changing to EV as soon as cost and infrastructure permit.

“

Recent major investment in a biomass boiler reduces waste from our panel processing and the heat generated is used to heat the premises and process heat to the powder coating line.

“

The electricity used at * is from renewable sources. Premises are heated using energy from the Biomass boiler reducing gas usage.
